

REGISTRIERUNGSBESCHEINIGUNG

English version (Original in German)
CERTIFICATE OF REGISTRATION

No.: R-15.2.3-21-17058

1st extension

We herewith confirm pursuant to § 7 of the Styrian Building Products Act 2013, LGB1. [National Law Gazette] no. 83/2013 version of LGB1. [National Law Gazette] no. 85/2019, LGB1. [National Law Gazette] that the building product(s)

Pipes and fittings made of metallic materials

with the trade name “Talos“

from the manufacturer

ElvalHalcor S.A.

Avenue Mesogeion 2-4 Athens 2nd Building, GR-11527 Athens

of the manufacturing plant(s)

Halcor Copper Tubes Division of ElvalHalcor S.A.

62nd km National Road Athens Lamia, GR-32011 Inofyta Viotia

correspond(s) to the set of regulations

ÖNORM B 5014-3, edition 2017.05.01

additionally Annex A, section. 15.2.3 applies

which is equivalent to the provision(s) of the set of regulations defined in the ÖA list of building materials, edition 15th March 2019 (1st novella to the ÖA list of building materials)

The product(s) is (are) subject to an internal production control and an external monitoring by

OFI, Technologie & Innovation GmbH

Franz-Grill-Straße 5, Objekt 213, A-1030 Wien

Number of the monitoring contract: **HH200**

According to the validity period of the proof of compliance to be defined according to § 6 Para. 3 clause 3 of the Styrian Building Products Act 2013, LGB1. [National Law Gazette] no. 83/2013 version of LGB1. [National Law Gazette] no. 85/2019, the certificate of compliance is valid up to

11th March 2023

The aforementioned building product(s) is (are) usable according to § 5 Para. 1 of the Styrian Building Products Act 2013, LGB1. [National Law Gazette] no. 83/2013 version of LGB1. [National Law Gazette] no. 85/2019, and the manufacturer is thus authorised to label the building product(s) with the sign according to § 9 Para. 1 of the Styrian Building Products Act 2013, LGB1. no. 83/2013 version of LGB1. [National Law Gazette] no. 85/2019. The certificate of registration is acknowledged by the parties to the contract (countries).

The material product characteristics are presented in the supplement to this certificate of registration.

The certificate of registration has 4 pages including the supplement.

Note: this certificate of registration loses its validity after the expiry of the transitional period contained in the ÖA list of building materials and the manufacturer the authorization to attach the sign ÖA.
